Recycling Ideas

Reduce

Only buy things you need and love. This will reduce your environmental footprint.
Before you buy more things ask yourself if you really need or love them. Can you borrow them?

Reuse

There are many things in our homes we can reuse. Try recovering the items, painting or decorating it to match the room to make it seem new.

Repurpose

Use a door as a desk top.
Use kids artwork as wrapping paper.

Recycle

Albums

Average price paid for vinyl is about \$1.50. Of course, early pressings, limited runs, imports, heavy vinyl, and multi-LP sets get better offers.
